

Feedback Committee

Feedback is important part of teaching and learning process. The institute aims to offer the best possible environment and learning experience to encourage students to perform to their full potential for academic achievement. Students, Teachers, Employers and Alumni play an important role in the evaluation, development and enhancement of the quality of this learning experience. Feedback from Students, Teachers, Alumni and Employers helps the college to evaluate its service policies and make changes as per stakeholders' requirements. The Feedback Process has put an emphasis on the need for involvement of students in the quality assurance of higher education. With this aim the college has developed following feedback mechanism.

The institute offers all round facilities to the students to explore their full potential for academic and extra mural achievements. College has a special mechanism for collection, statistical analysis and corrective measures to be taken on the feedback. Stakeholders can give their feedback through google forms provided by the college. Feedback from students, teachers, Employers and alumni helps the institute to evaluate its service policies and make changes for achieving the excellence. The feedback process has emphasized the need for involvement of stakeholders for the student centric development of institute. Thus, the student should act as a collaborator, rather being merely a passive receiver in teaching learning process. The feedbacks are collected from the all stakeholders by the feedback committee and analyzed. After analysis of feedback the analysis report is communicated to the IQAC. Feedback of stakeholders is valuable for us as it provides the role in improvement of curriculum facilities, entrepreneurship and employability of our students. The opinions and suggestions obtained from the stakeholders are evaluated on the background of vision and mission of the institute and considered by the IQAC for their execution. The IQAC prepares Action Taken Report and presents it before college academic council and Governing body for approval. Thus, the feedback mechanism assists in effective curriculum delivery.

Feedback Collection:

The committee develops mechanisms and processes for collecting feedback from stakeholders through surveys, suggestion boxes, online platforms.

Data Analysis:

The committee analyzes feedback data to identify trends, patterns, and areas for improvement across different aspects of college operations, including academic programs, student services, facilities, and campus life. It uses quantitative and qualitative analysis techniques to interpret feedback effectively.

Reporting:

The committee prepares reports summarizing feedback findings, insights, and recommendations for college administrators, department heads, and relevant stakeholders. It presents feedback reports in formats that are clear, concise, and actionable, facilitating informed decision-making and accountability.

Action Planning:

Based on feedback analysis, the committee collaborates with relevant departments and stakeholders to develop action plans and strategies for addressing identified issues, implementing improvements, and enhancing the overall college experience. It prioritizes initiatives based on feedback significance and feasibility.

Continuous Improvement:

The committee fosters a culture of continuous improvement by monitoring the implementation of action plans, tracking progress, and evaluating the effectiveness of interventions in response to feedback. It iteratively adjusts strategies based on ongoing feedback and performance indicators.

Composition of Committee:

S. No	Designation	Position
1	Principal	Chairperson
2	IQAC Coordinator	Convener
3	Senior Faculty	Member
4	Senior Faculty	Member
5	Faculty	Member
