GREEN AUDIT COMMITTEE

Introduction: The CSSR & SRRM Degree & PG College (Autonomous) was founded on June 27, 1992, by the CSSR & SRR Educational Society in Kamalapuram, a tiny town in the undeveloped Rayalaseema region of Andhra Pradesh's Cuddapah District. The Educational Society's mission is to provide rural people, especially women from underprivileged backgrounds, with a high-quality education that will empower them with knowledge and make them employable and entrepreneurial. Until 2010, the Institution was affiliated with Sri Venkateswara University, Tirupathi. As new universities are created in Andhra Pradesh, the Institution is permanently affiliated with Yogi Vemana University, Kadapa. The Institution embraces the philosophy of the National Education Policy to continue providing and imparting further sustained highest quality education.

Green Audit: The CSSR & SRRM Degree & PG College (Autonomous) is one of the premier institutions in the state of Andhra Pradesh contributing significantly to the human resource base that the economy needs and run with self-generated funds.

Green audit is a potential tool which can be used effectively by an educational institution for resource usage identification and optimization. 'Green auditing is the process of identifying and determining whether institutions practices are eco-friendly and sustainable'. The main objective to carry out green audit is to check green practices followed by the college and to conduct a well formulated audit report to understand where it stands on a scale of environmental soundness.

Aims & Objectives:

- More efficient resource management
- To provide basis for improved sustainability
- To create a green campus
- To enable waste management through reduction of waste generation, solid- waste and water recycling
- Recognize the cost saving methods through waste minimizing and managing
- Point out the prevailing and forthcoming complications
- Impart environmental education through systematic environmental management approach and benchmarking for environmental protection
- Financial savings through a reduction in resource use

Roles & Responsibilities:

- Assessing Environmental Performance
- Ensuring compliance and adherence to regulations
- Promoting sustainable practices
- Continuous improvement in Green
- Detecting violations and non-compliance
- Developing and implementing Environmental practices
- Encouraging Environmental practices

Functions:

The CSSR & SRRM Degree & PG College (Autonomous) Conducts Every to create an Awareness on Environment and its Sustainable development with the help of Green Audit Committee.

- To create a green campus
- To create plastic free campus and evolve health consciousness among the stakeholders
- More efficient resource management
- Development of ownership, personal and social responsibility for the College and its environment
- Enhancement of college profile
- Developing an environmental ethic and value systems in youngsters.
- Green auditing should become a valuable tool in the management and monitoring of environmental and sustainable development programs of the college.
